

Outreach at Washington Hebrew Congregation

Outreach Mission Statement

Adopted May 17, 2006

Washington Hebrew Congregation is a diverse community of individuals and families. The Outreach Committee strives to promote the full integration of all congregants, Jews, non-Jews, Jews by Choice and interfaith families, into the spiritual, educational, cultural and social life of Washington Hebrew Congregation. We extend a warm welcome and provide an atmosphere of support for individuals, couples and families who seek knowledge about Jewish beliefs and practices and may wish to increase their connection to Judaism. The Outreach Committee works cooperatively with the clergy, the Board of Directors, administrators, educators, committees and auxiliaries of Washington Hebrew Congregation to fulfill this mission of inclusion.
